About actions

Supporting excellent research and innovation through different actions

Doctoral Networks

Doctoral programmes supporting research in academia and other sectors

Postdoctoral Fellowships

Supporting the careers of individual researchers and promoting excellence

Staff Exchanges

Promoting knowledge collaboration between organisations and sharing best practices

COFUND

Supporting regional, national and international programmes through co-funding

MSCA & Citizens

Bringing science closer to the public with the European Researchers' Night

How to apply

Get step-by-step instructions & guidance about how to apply for MSCA grant funding

[MSCA Postdoctoral Fellowships](#) enhance the creative and innovative potential of researchers holding a PhD and who wish to acquire new skills through advanced training, international, interdisciplinary and inter-sectoral mobility. MSCA Postdoctoral Fellowships will be open to excellent researchers of any nationality.

Types of Postdoctoral Fellowship

There are 2 types of Postdoctoral Fellowships:

- 1. European Postdoctoral Fellowships.** They are open to researchers moving within Europe or coming to Europe from another part of the world to pursue their research career. These fellowships take place in an EU Member State or Horizon Europe Associated Country and can last between 1 and 2 years. Researchers of any nationality can apply.
- 2. Global Postdoctoral Fellowships.** They fund the mobility of researchers outside Europe. The fellowship lasts between 2 to 3 years, of which the first 1 to 2 years will be spent in a non-associated Third Country, followed by a mandatory return phase of 1 year to an organisation based in an EU Member State or Horizon Europe Associated Country. Only nationals or long-term residents of the EU Member States or Horizon Europe Associated Countries can apply.

Both types of fellowships may also include **short-term secondments** anywhere in the world during the fellowship (except during the return phase of a Global Fellowship).

In an effort to build bridges between the academic and non-academic sector, researchers can receive **additional support to carry out a placement of up to 6 months** in a non-academic organisation based in an EU Member State or Horizon Europe Associated Country. This placement needs to take place at the end of their fellowship.

For Postdoctoral Fellowships in research areas covered by the [Euratom Research and Training Programme](#) 🇪🇺, researchers need to be nationals or long-term residents of an EU Member State or a

Cut off
→ reserve list

SoE

Threshold

* your proposal can have the same score as the cut off score yet not be funded, due to additional priorities (as defined in Work Programme) and the ex-aequo ranking decisions by the Panel.

How to interpret this table
 The percentage of proposals above the overall threshold and with a given score or higher is shown per ranking list. Green shows the funding range. Proposals below the overall threshold are shown separately and are not part of the cumulative total.
 For example:
 -in the EF-PHY ranking, 26.19% of all eligible proposals submitted in this ranking list scored 90 or higher. The funding cut off is 92.4.
 -in the GF-SOC ranking, 25.96% of all eligible proposals submitted in this ranking list scored less than the threshold (70) and were rejected.

SEAL OF
EXCELLENCE

European Commission

Horizon Europe

The project proposal

101063144 — UrbArTs

**“URBAN ARCHAEOLOGICAL TOWNSCAPES ON THE IONIAN COAST
OF CALABRIA. Kroton and the Krotoniatide 16th to 5th centuries BC”**

submitted under the Horizon Europe Marie Skłodowska-Curie Actions call

HORIZON-MSCA-2021-PF-01-01 — MSCA Postdoctoral Fellowships 2021

by

Maria Rosaria Luberto and RIJKSUNIVERSITEIT GRONINGEN

following evaluation by an international panel of independent experts

**was recognised as a high-quality project proposal
in a highly competitive evaluation process**

but could not receive funding due to budgetary constraints and is therefore
recommended by the European Commission for funding by other sources.

Mariya Gabriel,
Commissioner for Innovation, Research,
Culture, Education and Youth
